After wrapping up a successful summer season of camps, Training Grounds is thrilled to announce our fall camp series! We are excited to present entirely new, industry-leading curriculum, and a wider variation to our proven format to ensure that students of all ages can get the most out of our training, while staying focused and on top of school!

Back by popular demand, all our fall programs will feature a unique end-of-camp Showdown, giving campers a chance to show off what they have learned as players, and as a team, facing off against the other teams to see who comes out on top! Showdowns will feature tournament-style brackets, professional shoutcasts on the Training Grounds Twitch.tv account, and special prizing courtesy of Cloud9 sponsor HyperX.

New camp options include a 4-week camp, featuring 3 weeks of training and a 4th week for Showdown preparation, as well as a 2-day camp option for adults who want to learn a lot over a short period of time! Optimized camp format, alongside our Positive Coaching Alliance-trained coaches, is setting us up for a fall program that we couldn't be more excited about!
